Independent Auditors' Review Report

To the Board of Directors and Shareholders of TAIMIDE TECH. INC.:

Preface

We have reviewed the accompanying consolidated balance sheets of TAIMIDE TECH, Inc. and subsidiaries as of June 30, 2024 and 2023 and the related consolidated statements of comprehensive income from April 1 to June 30, 2024 and 2023 and from January 1 to June 30, 2024 and 2023, consolidated statements of changes in equity and consolidated statements of cash flows from January 1 to June 30, 2024 and 2023, and the related notes to the consolidated financial statements, which include a summary of significant accounting policies. It is the responsibility of management to prepare the consolidated financial statements as approved and expressed in accordance with the Financial Reporting Standards for securities issuers and International Accounting Standards No. 34 "Interim Financial Reporting" approved and issued by the Financial Supervisory Commission. It is our responsibility to draw conclusions on the consolidated financial statements based on the results of the review.

Scope

Except as stated in the basic paragraph of the retained conclusions, we perform the audit in accordance with the audit Standard No. 2410, "Review of Financial Statements". The procedures performed in the review of the consolidated financial statements include inquiries (primarily from financial and accounting personnel), analytical procedures and other review procedures. The scope of the review is significantly smaller than the scope of the audit, so we may not be aware of all material matters that can be identified by the audit and is therefore unable to express an audit opinion.

Retain the basis of the conclusion

As stated in Note 12 to the consolidated financial statements, the financial statements of the non-significant subsidiaries included in the above consolidated financial statements for the same period have not been reviewed by CPAs. The total assets of the subsidiaries as of June 30, 2024 and 2023 NT\$313,268 thousand and NT\$434,937 thousand, representing 6.35% and 8.83% of the consolidated total assets, respectively; total liabilities amounted to NT\$8,080 thousand and NT\$215,860 thousand, representing 0.40% and 10.28% of the consolidated total liabilities, respectively; the total consolidated profit and loss for the period from April 1 to June 30, 2024 and 2023, and from January 1 to June 30, 2024 and 2023 NT\$1,666 thousand, NT\$(25,062) thousand, NT\$5,588 thousand and NT\$(43,686) thousand, representing 1.42%, 99.16%, 3.91% and 33.39%, respectively, of the consolidated profit or loss.

Reserve the conclusion

Based on the results of our reviews, except for the impact of possible adjustments to the consolidated financial statements if the financial statements of the non-significant subsidiaries described in the basic paragraph of the retained conclusion are reviewed by us, it has not been found that the above consolidated

financial statements have not been prepared in all material respects in accordance with the Regulations Governing the Preparation of Financial Reporting by Securities Issuers and International Accounting Standards No. 34 "Interim Financial Reporting" approved and issued by the Financial Supervisory Commission. It is impossible to adequately express the consolidated financial position of TAIMIDE TECH. INC. and its subsidiaries as of June 30, 2024 and 2023, and the consolidated financial performance from April 1 to June 30, 2024 and 2023, and consolidated financial performance and cash flows from January 1 to June 30, 2024 and 2023.

TAIMIDE TECH. INC. and Subsidiaries
Notes to consolidated financial statements
From January 1 to June 30, 2024 and 2023
(Amounts in thousands of NTD unless otherwise specified)

I. Company History

TAIMIDE TECH. INC. (hereinafter referred to as the Company) was established on June 22, 2000 with the approval of the Ministry of Economic Affairs and was listed for trading on the Taiwan Stock Exchange on October 5, 2011.

The Company's business scope mainly covers international trade and wholesale, manufacturing and sales of electronic components and materials.

The consolidated financial statements were expressed in New Taiwan Dollars, which is the Company's functional currency.

II. Date and Procedure for Approval of Financial Statements

These consolidated financial statements were approved by the Board of Directors on August 8, 2024.

III. Application of New and Revised Standards and Interpretations

- (I) Initial application of the amendments to the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, "IFRSs") endorsed and issued into effect by the Financial Supervisory Commission (FSC).

Application of aforementioned amendments will not have a significant effect on the Company and controlled entities (referred to as the "Consolidated Company")'s accounting policies.

- (II) The IFRS Accounting Standards endorsed by the FSC for application starting from 2025

New, Revised or Amended Standards and Interpretations	Effective Date Announced by IASB
Amendments to IAS 21 "Lack of Exchangeability"	January 1, 2025 (Note 1)

Note 1: Applicable to the reporting periods beginning after January 1, 2025. Upon initial application of this amendment, the impact amount is recognized in retained earnings at the date of initial application. When the Consolidated Company uses a non-functional currency as the presentation currency, the effect will be adjusted to the exchange differences of foreign operations under equity at the date of initial application as well as affected assets or liabilities.

- (III) IFRSs have been issued by the IASB but have not been approved and issued in force by the FSC

New, Revised or Amended Standards and Interpretations	Effective Date Announced by IASB (Note)

Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between an Investor and its Affiliate or Joint Venture"	Undecided
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 "First time of application of IFRS 17 and IFRS 9 – comparison information"	January 1, 2023

New, Revised or Amended Standards and Interpretations	Effective Date Announced by IASB (Note)
IFRS 18 "Presentation and Disclosure in Financial Statements"	January 1, 2027
IFRS 19 "Subsidiaries without Public Accountability: Disclosures"	January 1, 2027

Note : Unless stated otherwise, the above New, Revised or Amended Standards and Interpretations are effective for annual reporting periods beginning on or after their respective effective dates.

1. IFRS 18 "Presentation and Disclosure in Financial Statements"

IFRS 18 will supersede IAS 1 "Presentation of Financial Statements". The main changes comprise:

- Items of income and expenses included in the statement of profit or loss shall be classified into the operating, investing, financing, income taxes and discounted operations categories.
- The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as 'other' only if it cannot find a more informative label.
- Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management's view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

As of the date of publication of the consolidated financial statements, the Consolidated Company will continue to evaluate the impact of the above-mentioned amendments to standards and interpretations on its financial position and financial performance, which will be disclosed when the evaluation is completed.

IV. Summary of Significant Accounting Policies

(I) Compliance Statement

The preparation of the consolidated financial statements is in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and IAS 34 "Interim Financial Reporting" accepted and effectively published by FSC. This consolidated financial report does not contain all IFRSs disclosures required in the entire annual financial report.

(II) Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments and the present value of the defined benefit obligation deducting the net defined benefit assets/liabilities of the fair value of any plan assets which are measured at fair value.

The fair value measurements are grouped into Levels 1 to 3 based on the degree to which the fair value measurement input values are observable and the significance of the input values to the fair value measurement in its entirety, which are described as follows:

1. Level 1 input values: quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
2. Level 2 input values are input values other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
3. Level 3 input values are unobservable input values for the asset or liability.

(III) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e. its subsidiaries). Adjustments have been made to the financial statements of subsidiaries to allow their accounting policies to be consistent with those used by the Consolidated Company. During the preparation of the consolidated financial statements, the transaction, account balance, revenue and expense among entities have been eliminated completely. The total comprehensive income/loss of the subsidiaries are attributed to the owner's and non-controlling interests of the Company, and the same is true when the non-controlling interests consequently become loss balance.

Changes in the Consolidated Company's ownership interests in subsidiaries that do not result in the Consolidated Company losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Consolidated Company's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value paid or received is recognized directly in equity and attributed to shareholders of the Company.

Please see Note 12 and Table 5 for details of subsidiaries, percentage of ownership and business.

(IV) Other significant accounting policies

In addition to the following, please refer to the summary description of significant accounting policies in the consolidated financial report for the year 2023.

1. Standard for distinguishing current and non-current assets and liabilities

Current assets include:

- (1) Assets held primarily for the purpose of trading;
- (2) Assets that are expected to be realized within twelve months from the balance sheet date; and
- (3) Cash and cash equivalent (unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the date of statement of financial position).

Current liabilities include:

- (1) Liabilities held primarily for the purpose of trading;
- (2) Liabilities that will be due for settlement within 12 months from the balance sheet date, and
- (3) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date.

Assets and liabilities that are not classified as current are classified as non-current. If the terms of the liabilities may be settled by the transfer of the equity instruments of the merging company at the option of the counterparty, such terms do not affect the classification of the liabilities as current or non-current if the merging company classifies the options as equity instruments.

2. Define benefits Post-retirement benefits

The pension cost for the interim period is calculated on a year-to-period basis using the actuarially determined pension cost rate at the end of the previous year, adjusted for significant

market fluctuations in the current period, major plan amendments, liquidations or other significant one-time events.

3. Income tax

Income tax expense is the sum of current income tax and deferred tax. The income tax for the interim period is assessed on an annual basis and the interim pre-tax benefit is calculated at the tax rate applicable to the expected annual total surplus.

4. Levies

A liability to pay a levy to a government should only be recognized when an obligating transaction or event has occurred. A payment obligation should be recognized as other liability in the period of the payment obligation occurred. If an obligation is triggered on reaching a particular threshold, the liability is recognized when that particular threshold is reached.

V. Significant Accounting Assumptions and Judgments, and Major Sources of Estimation Uncertainty

In the application of the Consolidated Company's accounting policies, the management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experiences and other factors that are considered relevant. Actual results may differ from these estimates.

When developing significant accounting estimates, the combined company will take into account the possible impact on economic environment inflation and market interest rate fluctuations in cash flow estimates, growth rates, discount rates, profitability and other relevant significant estimates. Management will continue to review estimates and basic assumptions. Please refer to the consolidated financial Report 2023 for a description of the major sources of uncertainty in the material accounting judgments, estimates and assumptions used in this consolidated financial report.

VI. Cash and cash equivalents

	June 30, 2024	December 31, 2023	June 30, 2023
Cash on hand and revolving funds	\$ 395	\$ 809	\$ 768

<u>Non-current</u>			
Domestic investments			
Unlisted stocks			
Common stock of POMIRAN TECHNOLOGY, LIMITED	\$ <u> 468</u>	\$ <u> 467</u>	\$ <u> 473</u>

The Consolidated Company invests in the aforementioned common stocks in accordance with the medium and long term strategic objectives and expects to profit from the long-term investments. The management of the Consolidated Company considers that if the short-term volatility at fair value of such investments recognized in profit or loss is not consistent with the aforementioned long-term investment plan, it will be determined that such investments are measured through other comprehensive income at fair value.

IX. Financial assets at amortized cost

The average collection period for selling products of the Consolidated Company is 10 to 100 days, excluding accounts receivable are not interest-bearing. To mitigate credit risk, the management of the Consolidate Company has designated functional working Consolidated Company responsible for decision on line of credit, credit approval and other supervision to ensure proper action has been taken to collect overdue receivables. In addition, the collectible amount of accounts receivable of the Consolidated Company shall be reviewed individually at the date of balance sheet to ensure the uncollectible receivables has been listed to appropriate impairment loss. Accordingly, the management of the Company considers the Company's credit risk has significantly decreased.

The allowance for loss on accounts receivable of the Consolidated Company is measured at an amount equal to useful lives expected credit losses. The expected credit losses over the duration are calculated using an allowance matrix, which takes into account the customer's past default history, current financial condition, and the economic conditions of the industry. Since the Consolidated Company's credit loss history shows that there is no significant difference in loss patterns among different customer groups, the allowance matrix does not further differentiate between customer groups and only uses the number of days overdue on accounts receivable to determine the expected credit loss rate.

If any evidence shows the counterparty faces significant financial difficulty and the collectible amount cannot be reasonably expected, for example, if the counterparty is in liquidation, the Consolidated Company will directly offset the relevant accounts receivable but keep track of the receivables. The recovered amount is recognized in profit or loss.

The Consolidated Company measures the allowance for loss on accounts receivable based on the allowance matrix as follows:

June 30, 2024

	Not past due	1 to 60 days overdue	61 to 90 days overdue	91 to 180 days overdue	Over 180 days overdue	Total

(I) Domestic unsecured convertible bonds

On June 21, 2022, the Company issued 6,000 thousand units of NTD-denominated unsecured convertible bonds with a face value of \$100 thousand and 0% interest rate in Taiwan, with a total principal amount of \$600,000 thousand. The issue price was based on 108.67% of the face value. The bondholders may request the Company to convert the convertible bonds into common stock at a conversion price of \$57 per share from the day after three months from the date of issuance (September 22, 2022) to the maturity date (June 21, 2025), or request the Company to repurchase the bonds at face value in cash 30 days prior to two years from the date of issuance (June 21, 2024). If the closing price of the Company's common stock exceeds the prevailing conversion price by 30% or more for 30 consecutive business days from the day after the third month after the issuance of the convertible bonds (September 22, 2022) to 40 days before the expiration of the issuance period (May 12, 2025), the Company may also redeem all of the bonds at their face value. The conversion price is adjusted to \$54.5 effective August 6, 2023, as the Company will distribute cash dividends in July 2023 and the conversion price should be adjusted.

This convertible bond includes liabilities and equity components, which are expressed as capital surplus - stock options under equity. The effective interest rate originally recognized for the liability component was 1.90%.

The company redeemed corporate bonds based on the execution of the put right by the bond holders. As of June 30, 2024, a total of 3,497 units of corporate bonds were redeemed, with a face value of 349,700 thousand, and the Company allocated the redemption price to the liability component and the equity component, and the difference between the amount allocated to the liability component and the book value was recognized as an other loss of \$6,583 thousand in the second quarter of 2024.

Of the authorized capital, 30,000 thousand shares are reserved for issuance of employee stock options, preferred shares with warrants or corporate bonds with warrants.

The change in the Company's common stock capital was mainly due to the execution of stock options by employees.

The shareholders resolved to amend the Articles of Incorporation at the shareholders' meeting held on June 21. The private placement proposal mentioned above was canceled by the resolution of the board of directors on May 10, 2024.

On June 25, 2024, the shareholders' meeting of the Company resolved to increase capital by cash through a private placement of up to 10 million shares with specific parties.

Within 3 years from the date of delivery, the aforesaid private placement securities shall not be sold to other objects except those transferred in accordance with the Securities Exchange Law.

The rights and obligations of the company's private common shares listed above are the same as those of the Company's issued common shares, except that the company's private common shares are subject to restrictions on circulation and transfer in accordance with the Securities Exchange Law and can only apply for listing and trading after 3 years from the date of delivery and a public offering.

	<u>\$ 591,329</u>	<u>\$ 593,455</u>	<u>\$ 582,932</u>

1. This type of capital surplus may be used to make up for losses or, in the absence of losses, to distribute cash or to capitalize as equity, provided that the capitalization is limited to a certain percentage of the paid-in capital each year.
2. This type of capital surplus represents the effect of equity transactions recognized for changes in the Company's equity when the Company has not actually acquired or disposed of the subsidiary's shares, or adjustments to the capital surplus of the Company's subsidiaries recognized under the equity method.

(III) Retained earnings and dividend policy

In accordance with the Company's earnings distribution policy as stipulated in the Articles of Incorporation, if there is any surplus earnings as indicated by the Company's final accounts, 10% of the annual earnings shall be set aside as legal reserve after paying taxes and making up for accumulated losses in accordance with the law. But if the legal reserve has reached the Company's paid-in capital, no

further provision shall be made, and the remainder shall be set aside as or reversed from special reserve as provided by law. If there are still remaining earnings, allocating at least 40% of dividends to shareholders, and the Board of Directors shall prepare a proposal for distribution of the remaining earnings as dividends to shareholder, and submit it to the shareholders' meeting for resolution on the distribution. The distribution of the surplus mentioned in the preceding paragraph may be combined with the accumulated undistributed surplus of previous years. For the Company's policy on the distribution of remuneration to employees and directors, please refer to Note 25 (7) Remuneration to Employees and Directors.

The Company's dividend policy is to cater to the current and future development plans with consideration of the investment environment, capital requirements and domestic and international competition, and the interests of shareholders; dividends to shareholders may be distributed in cash or in stocks, with cash dividends not less than 10% of the total dividends.

Legal capital reserve shall be set aside until its balance equals to full amount of the paid-in capital. The reserve may be used to make up for losses When the Company has no losses, the portion in excess of 25% of the paid-in capital may be used to distributed as dividends in stocks or cash.

The shareholders' meetings of the Company held on June 25, 2024 and June 21, 2023 resolved to distribute the earnings of 2023 and 2022 as follows:

XXIII. Employee stock options

(I) The Company's employee stock options plan

In August 2017, the Company granted 3,698 thousand units of stock options to employees, each unit of which is entitled to subscribe for one share of common stock. The stock options were granted to employees of the Company and its subsidiaries who meet certain criteria. The stock options are granted for a duration of 6 years, and the holders of the stock options may exercise a certain percentage of the stock options granted after 2 years from the date of issuance. The exercise price of the stock options is the closing price of the Company's common stock on the date of issuance. If there is a change in the Company's common stock after the stock options are issued, the exercise price of the stock options will be adjusted according to the prescribed formula.

Information on employee stock options is as follows:

Employee stock options	January 1 to June 30, 2023	
	Units (in thousands)	Weighted average exercise price (NTD)
Outstanding at the beginning of the year	1,031	\$ 37.10

The Company used the Black-Scholes valuation model for the employee stock options granted in August 2017, and the input values used in the valuation model were as follows:

	August 2017
Stock price at the grant date	NT\$47.00
Exercise price	NT\$37.10
Expected volatility	46.89%~51.17%
Duration	2.03~3.03 years
Expected dividend yield	-
Risk-free interest rate	0.53%~0.56%

In July 2022, the Company modified the terms of the then outstanding employee stock options plan to reduce the exercise price from \$38.20 per share to the stock price on that date of \$37.10 per share.

The company's employee stock options expired in August 2023.

(II) Employee stock options reserved in cash capital increase

The Board of Directors resolved to increase capital of POMIRAN METALIZATION RESEARCH CO., LTD. by cash with issuance of new shares. On March 7, 2024, the Board of Directors resolved to adjust the final number of shares to be issued and the amount to be raised, and to reserve 10% of the total number of new shares (1,000 thousand shares) to be subscribed by employees in accordance with the Company Act. For fractional shares or stock options renounced by employees for subscription, the Chairperson of the Board of Directors is authorized to negotiate with specific persons to subscribe for the shares.

The fair value of the employee stock options granted by POMIRAN METALIZATION RESEARCH CO., LTD. in March 2024 is based on the Black-Scholes valuation model, and the parameters used in the valuation model were as follows:

	<u>March 2024</u>
Stock price at the grant date	NT\$9.64
Exercise price	NT\$10.00
Expected volatility	33.08%

(VII) Profit-sharing remuneration for employees and directors

If the Company makes a profit in a year, the Company shall set aside 6% to 15% of the profit as profit-sharing remuneration for employees, in stock or cash as resolved by the Board of Directors in the form of stock or cash, including employees of the Company's subsidiaries who meet certain criteria; the Company may set aside not more than 3% of the above profit as remuneration to directors as resolved by the Board of Directors. Proposal for profit-sharing remuneration for employees and profit-sharing remuneration for directors should be reported to the shareholders' meeting. However, if the Company still has accumulated losses, the amount of loss make-up shall be reserved first, and then the profit-sharing remuneration for employees and directors can be appropriated in accordance with the aforementioned percentages.

The period from January 1 to June 30, 2023 was a net loss before tax, so staff remuneration and directors' remuneration are not estimated.

The estimated amount of employee compensation and directors' compensation from January 1 to June 30, 2024 based on the aforementioned pre-tax benefits is as follows:

Estimated percentage

	January 1 to June 30, 2024
Profit-sharing remuneration for employees	9.68%
Profit-sharing remuneration for directors	2.91%

Amount

	April 1 to June 30, 2024	January 1 to June 30, 2024
Profit-sharing remuneration for employees	<u>\$ 12,517</u>	<u>\$ 16,509</u>
Profit-sharing remuneration for directors	<u>\$ 3,866</u>	<u>\$ 4,952</u>

If there is a change in the amounts after the standalone financial statements are authorized for issue, the differences are recorded as a change in the accounting estimate and adjusted in the next year.

The year ended December 31, 2023 was a net loss before tax, so staff remuneration and directors' remuneration are not estimated. The Board of Directors resolved the following on March 9, 2023 for the profit-sharing remuneration for employees and directors of 2022:

	2022
	Cash
Profit-sharing remuneration for employees	\$ 16,554
Profit-sharing remuneration for directors	4,966

There was no difference between the actual amount of profit-sharing remuneration for employees and profit-sharing remuneration for directors for 2022 and the amounts recognized in the consolidated financial statements for 2022.

Please see “Market Observation Post System” (MOPS) under the Taiwan Stock Exchange for the information on the profit-sharing remuneration for employees and profit-sharing remuneration for directors resolved by the Board of Directors.

XXVI. Income tax

(I) Income tax expense recognized in profit or loss

The main components of income tax (benefit) expense are as follows:

	April 1 to June 30, 2024	April 1 to June 30, 2023	January 1 to June 30, 2024	January 1 to June 30, 2023

(II) Income tax assessment

The Company's income tax returns have been assessed by the tax authorities through 2021.

XXVII. Earnings per share (loss)

	April 1 to June 30, 2024	April 1 to June 30, 2023	January 1 to June 30, 2024	Unit: NTD per share January 1 to June 30, 2023

The net profit (loss) and weighted average number of shares of common stock used to calculate earnings (loss) per share were as follows:

Net profit (loss) for the period

	April 1 to June 30, 2024	April 1 to June 30, 2023	January 1 to June 30, 2024	January 1 to June 30, 2023

Number of shares

(Units: In thousands)

	April 1 to June 30, 2024	April 1 to June 30, 2023	January 1 to June 30, 2024	January 1 to June 30, 2023
Weighted average number of shares of common stock used to calculate basic (loss) earnings per share	132,205	131,799	132,205	131,799
Effect of potentially dilutive common stock				
Convertible bonds	10,375	-	10,692	-
Profit-sharing remuneration for employees	393	-	393	-
Employee stock options	-	-	-	-
Weighted average number of shares of common stock used to calculate diluted earnings (loss) per share	<u>142,973</u>	<u>131,799</u>	<u>143,290</u>	<u>131,799</u>

Since the Company offered to settle compensation paid to employees in cash or shares, the Company assumed the entire amount of the compensation would be settled in shares and the resulting potential shares were included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares was included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

If the company's outstanding convertible corporate bonds of January 1 to June 30, 2023 are converted, they are not included in the calculation of diluted earnings per share due to their anti-dilution effect.

XXVIII. Equity transactions with non-controlling interests

On April 25, 2024, the Consolidated Company did not recognize the new shares issued by POMIRAN METALIZATION RESEARCH CO., LTD. in cash capital increase in proportion to shareholding, resulting in an increase in shareholding ratio from 85% to 93%.

Since the above transaction did not change the Consolidated Company's control over the subsidiary, the Consolidated Company treated it as an equity transaction.

XXIX. Government grants

The Consolidated Company's application for the "Low Carbon Millimeter Wave Materials and Carbon Reduction Process Technology Development Project" of the Ministry of Economic Affairs has been reviewed and approved with a grant amount of \$40,000 thousand. As of June 30, 2024, the accumulated amount granted was \$33,740 thousand.

XXX. Capital risk management

The Consolidated Company manages its capital to ensure that it will be able to maximize shareholders return as a going concern through the optimization of the debt and equity balance.

The Consolidated Company's capital structure consists of net debt of the Consolidated Company (loan less cash and cash equivalent) and equity (stock capital, capital surplus, retained earnings, other equity and non-controlling interests).

(IV) Financial risk management objectives and policies

The Consolidated Company's major financial instruments include equity, accounts receivable, accounts payable, corporate bonds payable and loans. The Consolidated Company's financial management department provides services to each business unit, coordinates access to financial markets, and monitors and manages the financial risks associated with the Consolidated Company's operations through internal risk reporting that analyzes the exposure based on the level and breadth of risk. Such risks include market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk.

The Consolidated Company mitigates the impact of these risks by hedging the exposure through derivative financial instruments. The use of derivative financial instruments is governed by the policies approved by the Consolidated Company's Board of Directors, which are the written principles for exchange rate risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of surplus liquidity. Internal auditors review compliance with the policies and the exposure limits on an ongoing basis. The Consolidated Company does not trade in financial instruments (including derivative financial instruments) for speculative purposes.

1. Market risk

The main financial risks to which the Consolidated Company is exposed as a result of its operating activities are the risk of changes in foreign currency exchange rates (see (1) below) and the risk of changes in interest rates (see (2) below).

The Consolidated Company engages in derivative financial instruments (including forward exchange contracts) to manage its exposure to risk of foreign currency exchange rate and interest rate.

(1) Exchange rate risk

A portion of the Consolidated Company's cash inflows and outflows are denominated in foreign currencies, and therefore have a natural hedging effect. The Consolidated Company's management of exchange rate risk is for hedging purposes and not for profit-making purposes.

The carrying amounts of the Consolidated Company's monetary assets and monetary liabilities denominated in non-functional currencies as of the balance sheet date (including monetary items denominated in non-functional currencies that have been eliminated in the Consolidated Financial Statements) are described in Note 36.

Sensitivity analysis

The Consolidated Company is mainly affected by fluctuations in USD, RMB and JPY.

The following table details the Consolidated Company's sensitivity analysis when the functional currency appreciates and depreciates by 5% against each of the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translations at year end by a 5% change in exchange rates. The sensitivity analysis covers cash and cash equivalents, accounts receivable, other receivables, accounts payable, other payables and short-term loans. The following table represents the increase or decrease in net profit before tax if NTD appreciates by 5% against each of the relevant currencies.

	Effect of USD		Effect of RMB		Effect of JPY	
	January 1 to June 30, 2024	January 1 to June 30, 2023	January 1 to June 30, 2024	January 1 to June 30, 2023	January 1 to June 30, 2024	January 1 to June 30, 2023
	Profit or loss	(\$ 5,760)	(\$ 6,513)	(\$ 19,940)	(\$ 7,464)	(\$ 1)

(2) Interest rate risk

Interest rate risk arises because the Consolidated Company holds both fixed and floating rate assets and liabilities.

The carrying accounts of financial assets and liabilities exposed to interest rate risk at the date of balance sheet are as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
With fair value interest rate risk			
- Financial assets	\$ 134,630	\$ 169,655	\$ 102,664
- Financial liabilities	440,663	788,521	792,573
With cash flow interest rate risk			
- Financial assets	224,065	228,718	271,296
- Financial liabilities	1,247,548	957,409	992,113

Sensitivity analysis

The following sensitivity analysis is determined in accordance with interest rate risk of non-derivative instruments at the date of balance sheet. For the floating rate assets and liabilities, the analysis is to assume that the amount of assets and liabilities outstanding at the date of balance sheet is all outstanding for the reporting period.

If the annual interest rate increases/decreases by 0.1%, with all other variables held constant, the Consolidated Company's net profit before tax would have decreased/increased by \$512 thousand and \$360 thousand from January 1 to June 30, 2024 and 2023, respectively, mainly due to the interest rate exposure on the Consolidated Company's variable-rate net liabilities and loans.

2. Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Company. As of the balance sheet date, the Consolidated Company's maximum exposure to credit risk that may result in financial losses due to non-performance of counterparties' obligations mainly arises from the carrying amount of financial assets recognized in the consolidated balance sheets.

As of June 30, 2024, December 31, 2023 and June 30, 2023, the percentages of receivables from the top ten customers to the Consolidated Company's receivables were 92%, 78% and 91%, respectively.

3. Liquidity risk

The Consolidated Company manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Consolidated Company's operations and mitigate the effects of fluctuations in cash flows. In addition, the management of the Consolidated Company monitors the utilization of financing lines and ensures compliance with terms of loan contracts.

Bank loans are a material source of liquidity to the Consolidated Company. As of June 30, 2024, December 31, 2023 and June 30, 2023, the Consolidated Company had undrawn financing lines as described in (2) Description of Financing Facilities below.

(1) Liquidity and interest rate risk table

The following table details the analysis of the remaining contract maturities of the Consolidated Company's non-derivative financial liabilities with agreed repayment periods, which are based on the earliest possible date on which the Consolidated Company could be required to make repayments, and is prepared using the undiscounted cash flows of financial liabilities, including cash flows of interests and principals.

The Consolidated Company's bank loans that are repayable on demand immediately are listed in the table below with the earliest possible date, regardless of the probability that banks will immediately enforce the rights; the maturity analysis of other non-derivative financial liabilities is prepared based on the agreed repayment dates.

XXXIV. Significant Contingent Liabilities and Unrecognized Commitments

On October 7, 2020, DuPont de Nemours, Inc. (DuPont) filed a patent infringement lawsuit against the Company and its person in charge in the Intellectual Property Court, claiming that the Company infringed its R.O.C. patent No. I519576, "Polymethyleneimine Film for Matting Surface Treatment and Method of Relating to Such Film", and requesting payment of NT\$6,650thousand, plus interest at 5% per annum from the date of service of the statement of claim to the date of settlement. On November 30, 2021, the Intellectual Property Court rendered a judgment of first instance, ruling that "the plaintiff's suit and the claim for provisional execution are dismissed, and the plaintiff shall bear the costs of the litigation. After receiving the judgment of defeat in the first instance, DuPont appealed against the judgment and on July 29, 2022, the Intellectual Property Court entered the second instance judgment dismissing DuPont's appeal. However, DuPont still refused to accept the judgment of the second instance and filed an appeal on August 31, 2022. The Supreme Court rendered DuPont's appeal on April 3, 2024, ruling that the plaintiff's claim is dismissed, and the plaintiff shall bear the cost of the litigation.

- (II) As of June 30, 2024, December 31, 2023 and June 30, 2023, the amounts of letters of credit issued by the combined Company that are not in use are set out below:

XXXV. Others

On February 15, 2023, the President announced amendments to the Climate Change Response Act and added regulations for the collection of carbon fees. Subsequently, the Ministry of Environment announced the "Carbon Fee Charging Methods", "Autonomous Reduction Plan Management Measures" and "Carbon Fee Collection Measures" on April 29, 2024. Draft "Specification Target for Greenhouse Gas Reduction Targets for Fee Collection". According to the draft carbon fee charging method, the carbon fee is levied on emission sources that comply with the Ministry of Environment's announcement and should be inventoried, registered and inspected, and the total annual greenhouse gas emissions from direct emissions and indirect emissions from the use of electricity exceed 25,000 Metric tons of CO2 equivalent in the power industry and large manufacturing.

Based on the emissions of the combined company in 2023, it is expected that the aforementioned threshold will be reached in 2024. However, the above draft provisions are still in the notice stage and the carbon fee rate has not yet been announced, so the merged company is still unable to reasonably estimate the impact of the carbon fee.

XXXVI. Information on Foreign-currency-denominated Assets and Liabilities with Significant Effect

The following information is summarized according to the foreign currencies other than the functional currency of the Consolidated Company. The exchange rates disclosed are used to translate the foreign currencies into the functional currency. Assets and liabilities denominated in foreign currencies with significant effect were as follows:

	June 30, 2024		December 31, 2023		June 30, 2023	
	Foreign currency	Exchange rate	Foreign currency	Exchange rate	Foreign currency	Exchange rate
<u>Financial assets</u>
